Bringing Smiles To Millions

ROLOMEC Loft Tanks – Premium Indoor, Leak-Proof & Space-Efficient Water Storage

ROLOMEC Loft Tanks are meticulously designed for indoor water storage, ensuring safety, durability, and leak-proof performance. Crafted from 100% virgin, FDA-approved food-grade material, they provide a hygienic and reliable solution for storing drinking water. These loft tanks are space-efficient, cost-effective, and easy to maintain, making them an excellent choice for a wide range of indoor water storage applications.

KEY FEATURE & BENEFITS

	Safe & Hygienic	Made from food-grade material, ensuring safe drinking water storage.
	Space-Saving Design	The rectangular shape allows efficient placement in kitchens, restaurants, washrooms, toilets, and corner spaces.
	Versatile Applications	Ideal for rainwater harvesting, agriculture, irrigation, and various household and commercial uses.
	Gravity-Feed System	Naturally distributes water to building outlets without the need for additional pumps, reducing energy consumption and maintenance costs.
	Ease of Installation & Maintenance	Simpler to install and access compared to underground or pressurized tanks, making servicing hassle-free.
	Cost-Efficiency	A budget-friendly alternative for residential and small-scale water storage needs, with lower purchase and installation costs.
	Versatile Use Case	Perfect for storing potable water, kitchens, restaurants, washrooms, toilets, rainwater harvesting, agriculture, irrigation, and even industrial applications.
	Easy Maintenance	A 300mm diameter manhole allows convenient cleaning and refilling.
	Robust & Durable	Impact-resistant and corrosion-proof, ensuring a long lifespan with minimal maintenance.
	Gravity-Fed System Compatibility	Designed for efficient water distribution using natural gravity flow.

PERFECT FOR

	Households & Apartments	For overhead water storage in kitchens, wash-rooms and toilets, ensuring a constant water supply.
	Restaurants & Hotels	Provides safe and hygienic water storage for cooking, cleaning, and washing needs.
	Hospitals & Clinics	Ensures a reliable supply of clean water for sanitation, patient care, and medical purposes.
	Commercial Spaces	Used in office buildings, shopping malls, and other establishments for washroom and pantry water storage.
	Public Washrooms & Toilets	Perfect for maintaining a steady water supply in rest-rooms at railway stations, bus stands & public places.
	Rainwater Harvesting	Efficiently stores collected rainwater for non-potable uses like gardening cleaning, and flushing.
	Agriculture & Irrigation	Stores water for irrigation in small-scale farming setups, nurseries, and greenhouses.
	Industrial Applications	Suitable for factories and workshops where water is needed for cleaing, cooling or other operational uses.

WATER TANK	CAPACITY / SIZE	LENGTH	WIDTH	HEIGHT	HAND HOLE INNER DIA
ROLOMELO LOFT TANKS	225 ltr	970	680	375	300
	375 ltr	1000	910	420	300
	BASED ON WEATHER CONDITIONS, SHRINKAGE/EXPANSION OF MIN. 2.00% IS TO BE CONSIDERED IN ABOVE DIMENSION. ALL DIMENSIONS ARE IN MM.
